Ten Cents a Week

## BARUCH'S FORESIGHT NETTED HIM HALF A MILLION

### WALL STREET SPECULATOR TESTIFIES THAT HE HAD NO INSIDE INFORMATION

Baruch Was a Contributor to the Amount of \$50,000 to the Last Democratic National Campaign Fund. Was on the Buying Side When The Break Came.

New York, January 30.—(Associated Press Dispatch)—Bernard Baruch, Wall Street speculator, \$50,000 contributor to the last Democratic campaign fund, and heavy short seller in the stormy days preceding the issuance of President Wilson's recent peace note, testified at the "leak" inquiry today that his profits on the market between December 10 and December 23 were \$476,168.

Every cent of this profit, he declared, was due to his foresight in interpreting speeches by Von Bethmann-Hollweg and David Lloyd George as meaning that peace was coming.

Not a single transaction he made, he said was influenced by advance information that President Wilson was about to dispatch a peace note.

He received no such information, he said, and added that he had no secret source of information in Washington on which he based any of his stock operations.

As proof of his assertion that he was unaware that a note was forthcoming, he was on the buying side of the market when the news became public he said.

After Baruch was further questioned by several of the committeemen as to the details of his operation, the hearing recessed until 2 o'clock.

### FAVORABLE REPORT ON SUFF. BILL

After First Making No Recommendation the Committee Backs Up and Recommends Passage

By Associated Press Dispatch.

Columbus, O., January 30.—After reporting it without recommendation, the Elections Committee of the Lower House of the Legislature today reconsidered its action, and by a vote of 7 to 3 reported out and recommended for passage the Reynolds bill, providing that women be given the privilege of voting for President.

Representative Shinn, of Williams county, who was absent when the first vote was taken, was found later, and this led to a reconsideration. Representative Baum who voted against a recommendation of the bill this morning, changed his vote and voted to report the measure for favorable consideration.

**EVEN SPLIT FIRST**

By Associated Press Dispatch.

Columbus, O., January 30.—The Reynolds bill, providing that women

be given the privilege of voting for presidential electors, was reported out without recommendation today by the Elections Committee of the Lower House of the Legislature. This is the bill backed by the Ohio Equal Suffrage Association.

In advance of the committee meeting, suffragists claimed to have a majority in favor of reporting the suffrage bill with a recommendation for passage but Representative Shinn of Williams county, was absent and the ten members present were divided, five to five on giving the bill their endorsement.

Representative Reynolds, of Cuyahoga county, will report the bill to the House this afternoon and ask that it be made a special order in the House for 2:30 o'clock Thursday afternoon.

### HIGH LIVING COST

The question of a legislative investigation of the high cost of living was being considered before the Lower House of the General Assembly this afternoon.

Former Governor Willis recommended such an investigation in his final message to the present General Assembly, and the question was placed before the House in a joint resolution offered by Representative Clark, of Lebanon.

Clark's resolution provides for a joint committee of three members from the House, but does not specify the number of Senators.

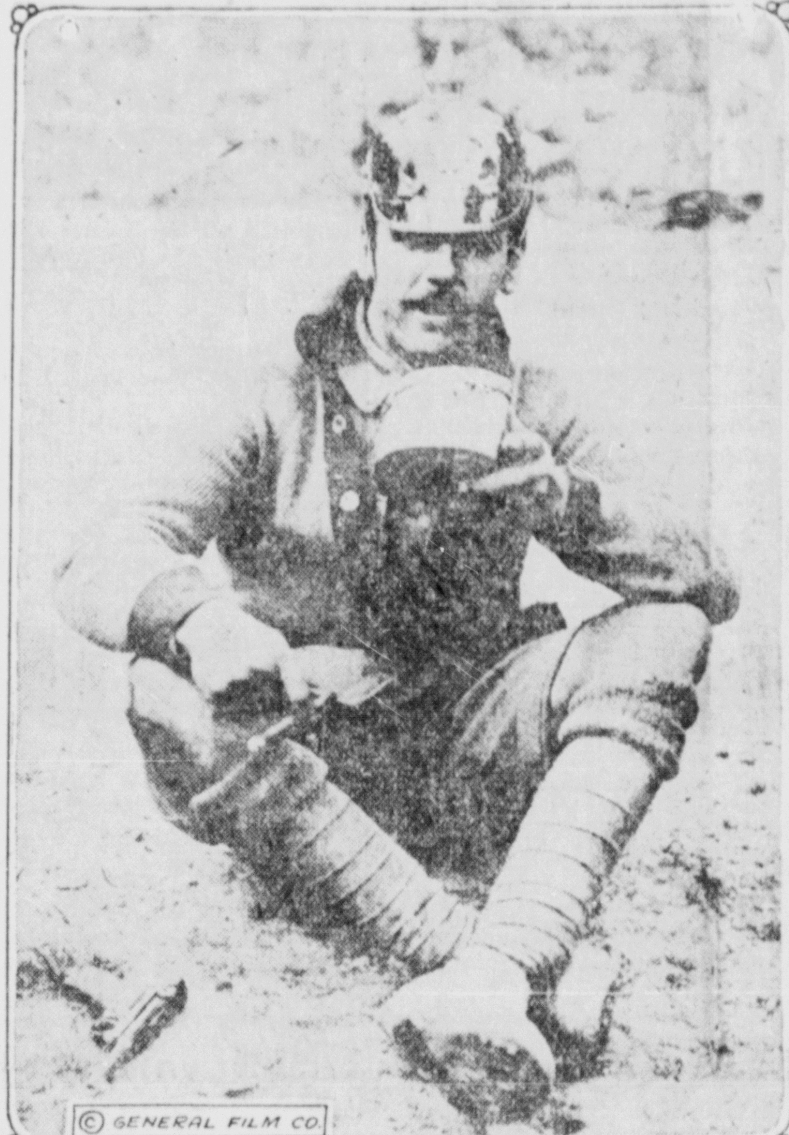

It makes it the duty of the committee "to inquire into the causes of the present extraordinary prices demanded for fuel, foodstuffs, and other commodities necessary to ordinary life, and to ascertain whether such prices are the result of unlawful combinations, or the withholding of said articles from the market in cold storage, or otherwise, or of unjustifiable withholding of the means of transportation by common carriers, and if not attributable to any of these causes then to what cause such increase can be assigned."

### SENATOR LEWIS TO THE FOREFRONT

By Associated Press Dispatch.

Washington, January 30.—Senator Lewis, of Illinois, Democrat, today introduced a resolution which would express it to be the sense of the Senate that President Wilson's peace address does not propose abolishment or limitations of the Monroe Doctrine nor propose military aggression by the United States in foreign lands. He asked that the resolution lie on the table.

### "PICKELHAUBE" IS BRITISH SOLDIER'S HIGHLY PRIZED BATTLEFIELD TROPHY

PROUD OF HIS CAPTURED "PICKELHAUBE"

Proud of his captured German helmet, or "pickelhaube," as the Germans call it, this British soldier posed for this picture after the battle at Thiepval, France. The helmet once belonged to a German officer, as is evidenced by its lighter weight and more graceful shape than that worn

by a private. The Britishers seem to regard the helmets as a favorite trophy, for they exhibit them perhaps more frequently than anything else they capture. Perhaps the spiked top symbolizes to them better than anything else does what is called German militarism.

### HILL 304 SCENE OF ACTIVITY

Berlin Statement Indicates French are Still Trying To Regain Ground.

By Associated Press Dispatch.

The region of Hill 304, northwest of Verdun, was the only one in the European war field in which activity of note developed during the last 24 hours, so far as today's official reports from the German and French War Offices reveal.

Berlin's statement indicates that the French are continuing their attempts to regain the ground recently

### NORWEGIAN BOAT IS BLOWN UP

(Associated Press Cable)  
London, January 30.—Lloyd's announces that the Norwegian steamer Argo, 1,261 tons, has been blown up, and that nine of her crew are reported lost. The Norwegian steamer Fulton, 1,030 tons, has also been sunk.

### CUMMINS OPENS THE DEBATES

Asserts He Stands With President on Moral Issues.

By Associated Press Dispatch.

Washington, January 30.—Opening debate in the Senate today on President Wilson's world peace proposals, Senator Cummins, Republican, declared that to do what the President suggests would involve the United States either in an almost constant world war, or constant rebellion against the authority of the world sovereignty the President proposes.

Asserting that he stood with the President in every moral effort possible for him to exert to bring an end to the present war, Senator Cummins said he refused to follow him when he leads the way toward the world's sovereignty which he has proposed.

### PARRETT DONS THE WAR PAINT FOR TAX MEASURE

Fayette County Man Will Insist on a Fair Shake for His Taxation Bill.

By Associated Press Dispatch.

Columbus, O., January 30.—Representative Parrett of Fayette county declared today that he was going to make a fight on the floor of the House to have his bill relating to taxing of certain building and loan associations reported out for consideration.

Parrett's bill was referred to the Building and Loan Association Committee late yesterday over the author's protest. He wanted it referred to the Committee on Banks and Banking.

Democratic Floor Leader Stokes proposed that it be referred to the Building and Loan Committee and, on a roll call of the House, Stokes won by a vote of 66 to 48.

If his bill is not reported out, Parrett said he would demand an investigation.

### MORE TROOPS WILL BE SENT FROM BORDER ORDER ISSUED

By Associated Press Dispatch.

Washington, January 30.—The War Department today ordered General Bell, commanding the Western Department, to return to home stations for mustering out of the Federal Service, Troop A, Cavalry, and Battery A, Field Artillery, of Oregon, and Troop B, Cavalry, and Company A, Signal Corps, of Washington.

### MARGARET SANGER AND ETHEL BYRNE

UPPER—MRS. SANGER, LOWER—MRS. BYRNE

Mrs. Ethel Byrne, sister of Mrs. Margaret Sanger, leading advocate of the teaching of birth control doctrines, went on a "hunger strike" as a protest against her thirty day sentence to Blackwell's Island, New York, as an advocate of birth control. Mrs. Sanger was bitter because a pass to see the prisoner was denied her.

### FIVE ARE DEAD AFTER PARTAKING OF PANCAKES

Mother By Mistake Mixed Preparation Used By Her Husband in Taxidermy.

By Associated Press Dispatch.

Kankakee, Illinois, January 30.—A meal of pancakes, hurriedly made and as hurriedly eaten, yesterday morning caused the death of five members of the Meints family on a farm between Ashkum and Iasforth, 15 miles south of here.

The pancakes were made by Mrs. O. K. Meints, mother of four of the victims and grandmother of the fifth. Mrs. Meints is believed to have mixed the contents of a sack containing an arsenical preparation, used by her husband in taxidermy, with a prepared pancake flour, thinking the powder was flour.

The dead are: Fred, 28 years old; Theodore, 26 years old; Irvin, 21 years old; Mino, 24 years old; and Clarence Meints, the grandson, 7 years old.

The fatal meal was eaten yesterday morning, and before noon Fred was dead. Mino died at dawn today, the last of the five deaths.

O. K. Meints, the father, was somewhat ill and did not eat any of the pancakes. Mrs. Meints tasted the pancakes after her sons had finished their breakfast, and noticing a peculiar flavor ate none.

### FOURTH TO LEAVE ON 13TH

Pershing's Command Withdrawal Proceeding Satisfactorily.

By Associated Press Dispatch.

San Antonio, Texas, January 30.—Withdrawal of American troops from Mexico is proceeding satisfactorily, according to a report to Army Headquarters today from General Pershing.

The last of the troops in his command are expected to leave Colonia Dublan tomorrow, and are scheduled to reach Palomas, on the Mexican side of the border, by February 4.

Dates of departure from the border of additional state troops were announced today. The Fourth Ohio Infantry and Second Brigade Headquarters leave February 13.

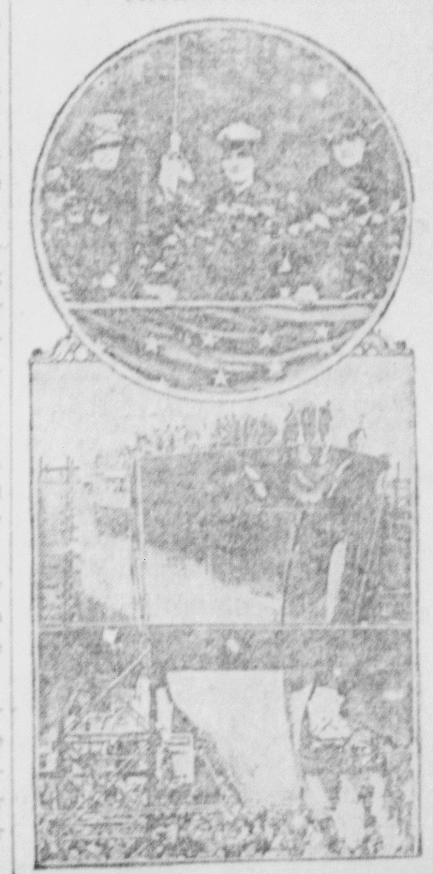

### EARTH SHOCKS ARE DISTINCT MONDAY NIGHT

By Associated Press Dispatch.  
Cleveland, O., January 30.—Earth shocks were recorded on the seismograph at St. Ignatius College observatory Monday night.

Starting at 10:35 p. m., they reached their maximum at 10:40 and ended at 11:30 p. m.

The Rev. Father Odenbach, in charge of the observatory, estimates the location of the quake at a distance of between 7,000 and 8,000 kilometers.

### BIG BATTLESHIP AND ITS SPONSOR

## PLANS NOW SAID TO INCLUDE NEW TERMINAL HERE

"Sand House" Talk Gives Washington More Important Place in Railroad Circles and Definite Announcements Are Expected in Near Future.

Persistent rumors of important changes to be made at this point by the B. & O. and C. & D. railroads, have been afloat for sometime, and it is believed that the next six months will place Washington in the list of the more important railroad centers in this part of the state, and that a freight terminal, round house and location here of a number of railroad men may be the outgrowth of the plans considered by the officials of the roads.

That a vast amount of additional freight will be turned through this city is virtually assured, and that increased facilities will be necessary at this point, goes without saying, so that the changes to be made will, in all probability, be of considerable benefit to the city, and may mean an increased number of railroad men locating here.

Plans of the two systems are said to include the transfer of much freight from the main line of the B. & O. between Muskegan and Midland City, via the C. & D. and Midland division of the B. & O. railroads.

At the present time 1250 tons is about the limit in freight that can be handled over the main line of the B. & O. between the points in question, owing to the steep grades, but over the C. & D. and Midland Division between the two points and through this city, this tonnage can be increased to 2,000 tons, or 750 tons more to the train than over the main line. The change also would relieve congestion on the main line.

Also a heavy tonnage of C. & O. coal is expected over the local branch of the C. & D. & O.

## MUCH INTEREST IN PROPOSED PLAN TO COMBINE SCHOOLS

Citizens in eastern Union township are manifesting deep interest in the proposal to centralize certain schools of that part of the county with what is left of Marion township, some of the citizens favoring the proposal and others up in arms about it.

The present plan is to locate a centralized grade school building on the Waterloo pike at the intersection of the Waterloo and old Lexington pike.

## DON'T TAKE CHANCES!

If your film is once spoiled nothing can be done to correct it.

Bring or send your films to us to be finished.

No advance in prices.

Our finishing is different.

## DELBERT C. HAYS

ANSCO CAMERAS, FILMS AND SUPPLIES

on the Crouse land, a tract of which has been offered gratis.

All in the neighborhood where it is proposed to locate the building are in favor of the proposal, while those living several miles distant are opposing the plan, particularly those whose children would be hauled four to six miles to school.

The meeting to be held at the County Superintendent's office Saturday morning at nine o'clock, promises to be one of considerable interest, and attended by both those who favor and who oppose the proposed centralization of schools in the districts above mentioned.

## DEATH SUMMONS

### MRS. F. W. COCKERILL

Relatives here received the sad intelligence late Monday evening of the death of Mrs. Ethel Coffman Cockerill, wife of Dr. F. W. Cockerill, of Dayton, after a lingering illness.

Last summer Mrs. Cockerill, who had been frail for some time, went to Kalamazoo, Michigan, in the hope of recovering her health. Her mother, Mrs. H. E. Coffman, of this city, joined her there and some little time ago mother and daughter left Kalamazoo for a visit with the sister, Mrs. Wm. Shoults, in Indianapolis, Ind. Their expectations to return to Michigan were frustrated, as Mrs. Cockerill was unable to make the trip, and answered the summons of the death angel at the home of her sister.

A lovely young woman, but little past thirty years of age, with many qualifications for both a happy and useful life, Mrs. Cockerill's death is unaccountably sad. She leaves in her immediate family, her husband, one little daughter, Janet, two, and one half years old, her mother, two sisters, Mrs. Shoults and Mrs. Willard Hoppes, of near this city, and one brother, Mr. Fred Coffman, of near Greenfield.

They have the deepest sympathy of many friends and a large family connection.

Mrs. Coffman had been with her daughter throughout her entire last illness, and Dr. Cockerill much of the time.

A short service will be held in Indianapolis, after which all that is mortal will be brought to this city and taken to the home of Mrs. H. E. Coffman on East Temple street, where funeral services will be held Friday.

The sad party will reach here Wednesday evening on the 5:42 B. & O. train.

The sad party will reach here some time Wednesday.

## DEATHS

MORTON

Susan E. Morton died at 5:30 Monday afternoon at the residence of her son, John Burns, on Fourth street.

The remains will be shipped to Hillsboro on the 7:49 B. & O. train Wednesday morning for funeral services and burial.

## PREFERRED STOCK AND BONDS CALLED IN BY THE GAS CO.

The Washington Gas & Electric Company has called in \$50,000 worth of preferred stock and \$50,000 in bonds, both bearing interest at five per cent, and has paid the \$100,000 in cash for the stock and bonds.

Under the terms of issue the stock and bonds could be called in after 30 days notice, but this formality has been waived by the holders of the stock and bonds.

The Midland National Bank handled the transaction for The Washington Gas & Electric Company.

## COMING TO STAUNTON

Francis Lee Lybarger, this orator and another will deliver a strong message. Subject: "Are You Christian or Religious?" Hear him Saturday evening, February 2nd. 24 16

## PRIZES OFFERED FOR CHOICE FISH AND FANCY ONES

Manufacturers of Tackle Vie in Offering Extra Prizes for Best Catches Made By Any Member of Fayette Fish and Game Association.

The members of the Fish and Game Protective Association will have a chance to weigh in their record catches this season for many valuable prizes.

Leading manufacturers are sending many fine articles to be offered as prizes and it is the intention to have these on display at the annual banquet February 20.

The Talbot Reel Co. of Kansas City has sent their famous Comet reel. This reel is hand made of German silver and is the highest priced reel offered.

The Horton Mfg. Co., of Bristol, Conn., have increased their donation over last year, sending one of the Bristol rods and also a Meek free spool reel.

Up at Akron, this state, is the Enterprise Mfg. Co., probably the largest makers of fishing tools in the world. They have sent their newest product, the Pfeiffer-Redford reel. Besides being a beautiful piece of workmanship, the makers claim that this reel, back lashed, the bone of the bait caster, are no more. This company is supplied by Brownell & Sons of this city with many of the selected feathers used in making artificial flies and baits.

From far New Hampshire comes a \$15 hand made split bamboo bait casting rod that is as fine as anything ever seen here. Charles F. Orvis Co. is the donor and they are interested through the growth and prominence the Association is attaining.

The W. J. Jamison Co. of Chicago, whose president, Mr. Jamison, was born in Fayette county, and lived here as a boy and fished the race at Millikan's Mill, and Paint creek at the old dam, has a warm spot for the fishermen of today when he sends the catalogues of his firm and says "pick out what you want." Mr. Jamison last year donated the first prize a \$12 fishing rod of his own design.

Another new contributor is the Horrocks-Libbott Company of Utica, N. Y., they have sent the Veraley Fly rod.

In the domain of free spool reels, the name Meisselbach is as well known as Chickering in pianos and this firm has sent their best, a \$7 Free Spool Takapart.

An innovation this year will be a number of prizes offered for ladies, wives and daughters of members. O. S. Tobin has notified the prize committee to offer a \$5 five pound box of Lowney's for the largest bass caught by a lady.

The boys will also have a chance to compete this year as prizes are being arranged for sons of members.

## SECOND CORN SHOW AT EAST MONROE

The second annual corn show at East Monroe is announced for February 7 to 10th, with over \$300 in premiums offered for the best corn grown in that community, and two classes being open to all.

In the open to all class four premiums are offered for the best ten ears of yellow and four premiums for the best ten ears of white.

Entries close at 8 p. m. Wednesday, February 7th, except in the open to all classes, which close at 11 a. m. February 8th.

Alonzo Knedler is president, Henry Wilson vice president, Elba Carson secretary and R. A. Wilson treasurer of the organization.

## FRESHMEN TO HAVE HALF DAY EACH WEEK

The Freshmen of the High School, whether members of the Y. M. C. A. or not, will have a half day each week in the Y. M. C. A. gymnasium and pool, with special instruction.

This innovation is expected to prove very popular among the boys, and it is expected a large number of them will avail themselves of the opportunities offered.

## PYTHIAN SISTERS

Regular meeting Washington Temple No. 350, Tuesday evening, January 30, at 7:30 o'clock.

ROSETTA WILSON, M. E. C. GRACE HYER, M. of R. and C.

Let Leisure make your rooms for you, Bell house 98-W, corner Raving and Walnut streets. 1916

## PROGRAM OF THE BROMLEY MEETINGS

TUESDAY—6:00 p. m. Business and professional women's luncheon.

7:30 p. m. Preaching services, Business women will attend in a body.

WEDNESDAY—2:30 p. m. Preaching service at the tabernacle followed by Bible study.

7:30 p. m. Preaching service at tabernacle, Shop night.

THURSDAY—2:30 p. m. Preaching services followed by Bible study.

3:30 p. m. High school girls' meeting.

7:30 p. m. Preaching services. The Business men will attend in a body.

FRIDAY—2:30 p. m. Preaching services followed by Bible study.

7:30 p. m. Preaching services. The grade schools will come in a body. Delegation from Jeffersonville will attend in a body.

SATURDAY—2:30 p. m. Preaching service at the tabernacle.

A great religious parade will be held prior to the service.

## CLOSING CHAPTER REMARKABLE LIFE

The funeral services of Kelley Dixon, pioneer Fayette County, held at the Dixon homestead near Rock Mills, marked the closing chapter of a long and remarkable life.

There was a large gathering of relatives, friends and neighbors from all over the county; this city and Good Hope specially well represented.

Rev. Charles L. Pfaltzgraf, pastor of the Good Hope M. E. church, conducted a brief but impressive service.

The church choir sang the hymns, "Nearer My God to Thee," "Abide With Me" and "Jesus Loves Me."

The pastor read a short and interesting obituary, covering the salient points of a life quite out of the ordinary. Following the memoir Rev. Pfaltzgraf spoke fervently of the deceased's industry, his capability, his ambition.

Mr. Dixon's many acts of human kindness had been unknown to the world at large but had left their living monuments.

The minister also touched feelingly upon the family life of reciprocal affection as children and grandchildren grew up to interest and bless the home.

A long funeral procession passed from the home to the Good Hope cemetery for the committal service in the family lot.

The pall-bearers were Messrs. R. J. Holden, John Free, Ralph Bradea, Alvin Peters, Otis Smalley, Russell McCoy.

Among those who came from a distance to attend the funeral were Mr. Kelley Rodgers, a grandson, and wife of Albion, Mich., Mr. Giles Dixon, a brother, and family, of Rainboro.

## WILL BE BROUGHT HERE FOR FUNERAL SERVICES

The body of Mrs. Elizabeth Bryan who died at the advanced age of 30 years at her home in Middletown, Monday will be brought to this city her home for so many years, for burial.

The family will arrive on the 10:49 B. & O. Wednesday morning and the remains taken to the Klover undertaking establishment, in the chapel of which funeral services will be held at one o'clock in the afternoon.

Rev. A. P. Cherrington will have charge of the services. Burial follows in the Washington cemetery in the family lot.

## STILL LOOKING FOR THE MEANEST MAN

The police are still looking for Washington's "meanest man" who, a night or two ago, went to the premises of Mrs. Geo. Lugenbeel while her husband lay a corpse and from the smoke house stole two hams and two shoulders of pork, representing all of the meat the family possessed. If the thief is located he will be given the limit for such offenses. It is believed that the thief resides in the immediate neighborhood of the Lugenbeels.

## PROCEEDINGS TO SELL REAL ESTATE

Defendants in this county have been notified of an action to sell real estate, filed in the probate court of Greene county, by J. W. Stephens, administrator of the estate of Linnie Sparks, deceased.

John S. Sparks, a minor, residing with Lewis Mills, in western Fayette is one of the defendants in the action.

## TRAIL HITTERS IN SESSION LAST NIGHT

Some 400 of the trail hitters assembled at the Tabernacle, Monday night for special services, and Prof. Myers presided over the meeting, delivering a short address and conducting a testimonial and prayer meeting in which some of the converts told for their first time what Christ had done for them.

It was an impressive service, and everyone present made brief remarks. Many short prayers were made in response to the invitation extended by Prof. Myers. Some two or three hundred of the trail hitters were not present for the meeting.

## LARGE NUMBERS AT STOCK SALES

A large number of persons flocked to the city Tuesday, to attend the monthly stock sales and there was a heavy demand for good general purpose horses for farm use, but the demand was far in excess of the supply.

Exceptionally good prices prevailed during the day and virtually all horses offered were disposed of.

## MANY HAVE BEEN SAVED

Many in this town both among the rich and poor have been saved from long illness and expensive doctor bills by taking Duffee's Cough Syrup. If at the first indication of a cold a few doses are taken it will break the cold at once and save you much suffering and inconvenience. A cold of long standing requires a little more time but a few doses will bring quick relief and will surely cure in a very short time if taken properly. It is only 25c for a large 6 ounce bottle. Can you afford to do without a bottle in the house at all times? Ask your grocer for it. 25 12

Both sunbonneted and pongee for springtime

SLY GRACE

Any of the shantung or oriental silk varieties would do beautifully for this youthful frock, with its deeply cuffed hem and bits of hand embroidery. Flat necks, twelfth century style, are the most ultra finishes.

# PALACE TONIGHT

A beautiful woman wrecks her own home. She tries to bring unhappiness to others because she has married the man she does not love. But she only succeeds in destroying the peace and quiet of her own hearth.

## PERSONAL SKETCH OF THE NEW RULER ARCHDUKE CHARLES

(Associated Press Cable.)

Warsaw, January 30.—By those who know him, Archduke Charles Stephen cousin of the late Emperor Francis Joseph, who has been selected as regent of Poland, is considered a most democratic sovereign, "gifted with common sense, ability and personal charm. Conditions under which The Associated Press correspondent recently made his acquaintance illustrate the democratic side of his character. The correspondent was calling upon a friend at one of the lesser hotels in Vienna when a knock at the door was heard and without further formality a tall officer entered, shook hands, shed his overcoat, which he threw on a bed, and embarked in informal conversation. It was Poland's future sovereign who had thus made his way to the hotel room without even calling the services of an attendant when he learned that a correspondent of an American news agency was there.

The Archduke conversed with the greatest cordiality, displaying an intimate knowledge and keen interest concerning conditions of American life, and volunteered his assistance to facilitate the newspaperman's work. He was particularly impressed with the importance of the press in America and lamented the fact that the newspapers did not play such a role in Austria-Hungary. He voiced as well as manifested his belief in democratic customs and declared that he had deliberately urged two of his youngest sons, who had graduated from the Austrian Military Academy the day before, to take commissions in ordinary line regiments instead of in one of the favorite guard organizations. In the thick of the fighting in the Carpathians the Archduke has been living as simply as his subalterns, learning at first hand the environment of the officers and soldiers from the ranks of his people. His two sons have followed his suggestion like their elder brother, Charles Albert, and have entered line regiments, the 13th Uhlands.

## THE UNEMPLOYED ON THE DECREASE IN GREAT BRITAIN

(Associated Press Cable.)

London, January 30.—Unemployment, which like the suffrage and the Irish question, was formerly one of the most difficult subjects the government had to deal with is shown by an official chart just issued by the government Board of Trade to have now fallen off to the vanishing point. In

1908 the unemployed represented between 9 and 10 per cent of the working population. In 1909 it was between 8 and 9 per cent. These were years of labor agitation which led the law for government insurance of the unemployed. Up to the time war began, the unemployed averaged from 4 to 5 per cent of the population, from 1909 to 1915.

Since the opening of the war percentage of unemployed has steadily down. The official shows it was down to 2 per cent 10 months after the war started. June, 1915, it was down to 1 per cent and at the end of 1915 had fallen one half of one per cent. Now has fallen almost to zero.

This is having the effect of reducing the governments unemployment insurance, which was one of the main features of Lloyd George's social and economical legislation. Returns for last month show there were 2,027 claims weekly, amounting to 485 pounds, or about \$1.25 for claim.

This is a reduction of fifty per cent since last year, and a much greater reduction since the war began.

Shrinkage in Orders

Attention is now being directed to the statistics which show that since American bankers declined to take up the short time loans of Great Britain and France the export of war munitions from the United States have made a very considerable drop in totals.

Commerce statistics, compiled with that accuracy which imparts to them their chief values as business guides, also show that many optional contracts for munitions have been canceled and many new contracts are being diverted to the Dominion of Canada to be filled.

Both Great Britain and France have been compelled, to maintain their balances, in this country, to make enormous shipments of gold.

It is hardly likely that these great nations in cutting off and transferring munitions orders have been actuated by any desire to get even. It is much more probable that the shift has been made in order to check to some extent the enormous gold withdrawal and to direct the out flow as much as possible toward their own colonies.

The effect in this nation may be a little hard on the munitions factories but so far as general business conditions are concerned, experts believe, the effect will be beneficial as it will permit a gradual retrenchment and rearrangement.

It will tend to bring us down gradually from the dizzy heights without a crash.

All in all it would really be a good thing if the munitions orders would slow up still more.

It's better if we could "taper off" a little than to quit all at once.

Battling on All Fronts

The fact that the coming of severe winter weather has not served to halt materially the fighting in the European war zones is indicative of the existence of a very important fact—the determination of the warring coalitions to force the war at top speed.

Germany, even though we must concede that a considerable part of the rumors of starvation and distress throughout the empire are gross exaggeration, is beyond all doubt feeling keenly the effect of the blockade of her ports. Food is not abundant among the masses of the German people. While the world is justified in discrediting the reports of actual starvation in Germany coming from the Entente sources it is equally true that the reports to the effect that the Fatherland is now a land of plenty, feeling no ill effects of the blockade, are gross exaggerations.

Conceding then as we must, that Germany is suffering severely from the blockades on land and sea and that the Entente powers are suffering from the awful drain on financial and man power the reason for aggressive fighting on both sides, even during the winter weather, is apparent.

Germany must fight to break, if possible, the chains which are crushing her and the Entente powers must press every advantage while yet they have the endurance and power to deliver the "knockout" which they still believe they carry.

That condition may operate to check the peace movements for the time but it will prove or long of the greatest assistance to those who are moving for peace.

Aggressive campaigning will, if decisive victory is not possible, bring realization much more quickly than will campaigns conducted with long rest intervals during which the exhaustion and the limitations may be lost sight of for the time.

The Importance of the Quail

Scarcely second in importance, as a question which the law making powers of the state must settle, to that of prohibition and woman's suffrage is the fate of our cheerful little friend Bob White.

The laws which protect the life of the Quail will cease to exist with this calendar year. Beyond the summer of this year there has been no legislation cutting off the "open season" for Quail and unless the present legislature takes some affirmative action we will revert to conditions which existed prior to the enactment of the five year protective period laws.

During the five years, now drawing to a close, the Quail have multiplied under the protection of legislation until now there are a great many more of them in Ohio than there were when the "open season" laws proved a menace to the existence of the whole family.

The city "sportsmen" are urging an open season law out which will satisfy both elements in the state.

If the legislature by law enactment declares the Quail a song bird the trick is turned because in Ohio the protection to the life of the song birds is without limit.

If that's the only way to protect the Quail we have no objection to the legislature classing them with the song birds.

Only do not do anything which will jeopardize the existence of the Quail and don't fail to do any necessary thing to insure their protection.

Poetry For Today

THE UNSETTLED SCORES.

The men are talking peace at 'ome,  
but 'ere we're talkin' fight.  
There's many a little debt we've  
got to square;  
A sniper sent a bullet through my  
bunkie's 'ead last night.  
And 'is body's lying somewhere  
h'over there.

O, we 'ear a lot of rumors that the  
war is h'almost through  
But Hi'm thinking that it's only art  
begun;  
Every soldier in the trenches has a  
little debt that's due  
And I'm telling you it's not a money  
one.

We 'ave 'eard the bullets whistle and  
we've 'eard the shrapnel sing  
And we've listened to a dying com-  
rade's pleas,  
And we've 'eard about the comfort  
that the days of peace will bring.  
But we've debts that can't be set-  
tled h'over seas.

They that 'avent slept in trenches,  
'aven't brothered with the worms,  
'Aven't 'ad a bunkie slaughtered at  
their side,  
May some day get together and ar-  
range some sort of terms,  
But it isn't likely we'll be satisfied.

There are debts we want to settle,  
'and to 'and and face to face,  
There are one or two Hi've prom-  
ised that Hi'd square,  
And Hi cannot 'old my 'ead up, 'ere,  
or in the other place,  
Till Hi've settled for my bunkie, ly-  
ing there.

—Detroit Free Press.

Weather Report

Washington, January 30.—For Ohio and Western Pennsylvania — Fair and colder Tuesday and Wednesday. For Tennessee, Kentucky, West Virginia, Lower Michigan and Indiana — Fair Tuesday and probably Wednesday; much colder. For Illinois — Partly cloudy and much colder Tuesday and Wednesday.

Yaple's Illness Delays Action.

Columbus, Jan. 30.—Illness of Chairman Wallace D. Yaple of the state industrial commission will prevent a number of changes being made in that department during the coming week. It was expected that several appointments would be made this week, including a secretary to succeed George L. Stoughton. Mr. Yaple is in a hospital nursing a ruptured blood vessel. It may be a month before he will be able to resume his place on the commission.

Country Churches Dying.

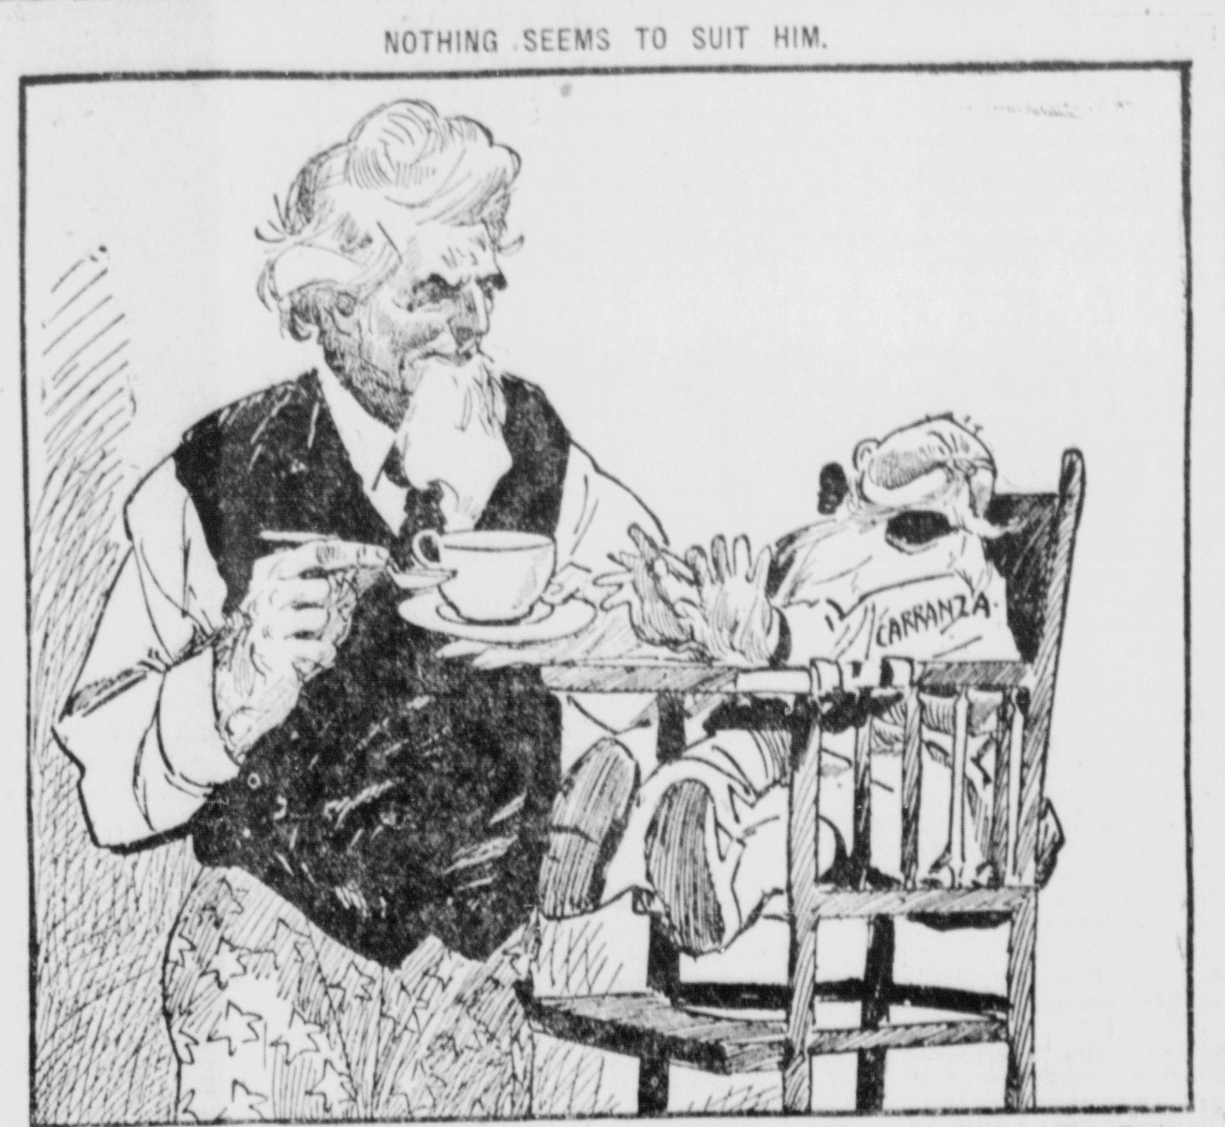

Columbus, Jan. 30.—The country churches in this state will be dissected by members of the Ohio Rural Life association, which convened here today to determine on a plan for arresting decay of these churches. Scores of churches in the small towns and townships of Ohio are slowly dying, according to surveys made recently, it is said. Not only are the number of churches decreasing, but more than 4,000 rural churches are said to have less than 100 members.

Swain Attempts Suicide.

Kent, O., Jan. 30.—"I have ended my life on account of the lost love of an old sweetheart. I know my reward is in hell." An envelope with this sentence fell from the hand of John D. Stenson, machinist of Rochester, Ind., as he drank the contents of a bottle of poison on the depot platform here. He is in the Ravenna hospital and may die.

A Wonderful Bore.

The most wonderful boring apparatus in the world is possessed by the great ichneumon fly. It is composed of three black filaments, all extremely fragile, no larger or stiffer than a horsehair and about five inches long. These fit together with grooves and glide easily along their entire length. The three when fitted together are no larger in diameter than a small needle and so flexible that a slight breath of air will bend them. Yet with this remarkable instrument its owner can bore three or four inches into the hardest wood. This tool is possessed only by the female and is her ovipositor, or egg laying apparatus. Boring which takes hours to accomplish is for the purpose of laying one egg.

WARNING MAY BE GIVEN TO AMERICANS

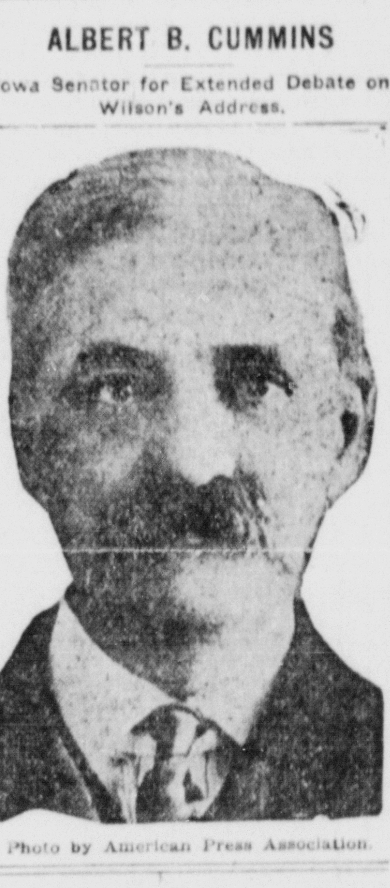

The Navel Problems Thicken in State Department.

By Associated Press Dispatch.

Washington, January 30.—A warning to Americans not to take passage on ships armed by the enemies of the Central Powers is expected here soon. Whether the warning will be conveyed to the State Department through the American Embassy in Berlin or through the German Embassy in Washington is not indicated.

For several weeks the German government has been submitting representations to the State Department in certain cases wherein it is claimed merchant ships, armed ostensibly for defensive purposes, have attacked German submarines.

Reports that Great Britain and her allies were considering placing still heavier armaments upon their merchant ships have been regarded in German quarters as forecasting fights to a finish between armed merchantmen of the Entente Allies and the submarines of the Central Powers with the resumption of naval operations in the spring.

ALBERT B. CUMMINS

Iowa Senator for Extended Debate on Wilson's Address.

Photo by American Press Association.

pay his salary, amounting to \$1,200 a year.

Following precedent established in a Cleveland case, the Supreme Court today reversed the decision of the Miami County Court in the case of M. T. Staley against the Miami County commissioners, holding that ordinary repair of roads could not be construed as an emergency for which levies could be made outside of the 15 mill limitation of the Smith one per cent law.

Only damages caused to roads by floods and the like, the court held, constituted an emergency within the meaning of the law.

DRY DECISION IS SUSTAINED IN HIGH COURT

Union County Probate Court Decision Upheld.

By Associated Press Dispatch.

Columbus, O., January 30.—The Ohio Supreme Court this morning reversed the decision of the Union county Court of Appeals in the contest on the wet and dry election in Richmond, Union county, held January 12, 1915, and sustained the decision of the Union county Probate Court, which decided the contest in favor of the dries by a majority of four votes.

The contest was brought by Carl Algiower over five disputed ballots.

AN ODORLESS UNION.

Declared New Species May Assume Pen- fume of the Rose.

Chicago.—The seed of a new species of onion, deodorized and tearless, was introduced at the annual convention of the Vegetable Growers' association in the Hotel LaSalle. More startling evolutions are predicted for the modified vegetable.

Its sponsors say there is no reason why the perfume of the rose or the lily may not be imparted to the onion of the future. One of the delegates went so far as to say that the Ben Hur Brunnet of 1920 will wear a sprig of onion as a boutonniere.

GIRLS LIVED ON PEANUTS.

Two California Students Ate Nothing Else For Three Months.

Berkeley, Cal.—Living on nothing but peanuts for three months is the feat performed by two University of California co-eds.

The two girls were acting under instructions from Professor M. E. Jaffa, head of the department of nutrition, who carried on the experiment to test his theory that peanuts are among the best and most concentrated foods available for humans.

The experiment was a complete scientific success.

"We never felt better," said one of them, who insisted that their names be kept secret. "But I'll never eat another peanut. I can't bear the sight of them now."

The peanuts cost each girl 15 cents a day or \$1.05 a week. This cut their expenses down to \$4.20 a month, breaking the record for frugality on the campus.

ELECTRIC FAN FOR FOWLS.

Ducks Quack With Joy When Water Is Sprayed Over Them.

California, Mo.—The birds on a poultry plant here are real bigfliers. They have one convenience that no monarch could have enjoyed fifty years ago.

That convenience is electric fans. The fans and running water have been installed in the large feeding station of the A. B. Cole & Sons' plant.

Under the spray of a fountain in the feeding station is the favorite haunt of the ducks and geese. The management has found the fans and water of economic value, as it saves the lives of many fowls and makes them fatten faster in the hot weather.

REMOVES APPENDIX AT SEA.

First Successful Operation of the Kind to Be Performed on Ocean.

San Francisco.—The first successful operation for appendicitis performed on the Pacific ocean was revealed here on the arrival of the United States transport Sheridan from Manila via Honolulu. Major E. A. Dean of the United States medical corps performed the operation on Milton S. Finch, a private soldier.

When the Sheridan was three days from this port Finch was suddenly stricken with appendicitis.

Major Dean, an army surgeon, returning from the Philippines on the Sheridan, was called in and asked to operate on Finch, and while the Sheridan plowed through the waves he removed the appendix. Finch recovered rapidly from the operation and was removed to the army hospital at the Presidio when the Sheridan arrived.

BURIED \$6,000 OF PENSION.

Cal Evans' Hoard Plowed Up on His Farm at Magazine, Ark.

Magazine, Ark.—Gold and silver currency to the amount of \$6,000 was plowed up on the farm of the late Cal Evans by his son-in-law. Evans' children say the money was buried by their father, who died refusing to tell where it was concealed.

The sum represents pension money Evans had drawn from the government for twenty years. As soon as his vouchers arrived he always cashed them and then buried the coin.

# In Social Circles

The Browning Club held regular session Monday night, with Mrs. Martha Mark, Vice President, in the chair.

The business of interest was the turning over by the treasurer to Mrs. C. H. Griffin, treasurer of the Welfare Association of \$193.00 from the Christmas sale of Red Cross Seals.

Mrs. O. K. Probasco presided over the evening's program presented by the household economic department, prefacing the first paper by the department's motto, "Life is not so short but that there is always time enough for courtesy."

Mrs. Martha Mark presented a very interesting paper and a typical picture of the modern kitchen, with complete electric outfit and efficient labor saving machine, changing former drudgery into ease and comfort. Mrs. Mark also gave an entertaining sketch on the modern kitchen from "Good Housekeeping."

Mrs. Norma Chapman delighted the club women with two beautiful piano numbers, "Minnetta" and "Oriental"—Mr. and Mrs. Orth of Boston, the composers.

Miss Florence Ogle had a fine paper on life of a woman who has made a record and a reputation for herself, known the world over, Mrs. Sarah Tyson Rober. Her father

named Heston was a wonderful chemist and also the inventor of the first box of shoe blacking, a small thing and yet a large one in results. Mrs. Rober took the course at Aurora N. Y., and then registered in cooking school in Philadelphia and there began the work which has made her name so well known all over United States in different phases through the Ladies' Home Journal and a number of things she has developed like her coffee enterprises.

She has also done a big work for "the slums" and gained deservedly a wide reputation.

Miss Ogle read clippings giving points as to school work among the mountaineers, these were full of interest.

The home of Mr. and Mrs. Emmet Miller on the Bogus road was the scene of a delightful birthday surprise Monday night in honor of Mrs. Miller's birthday.

Seventy-five friends and neighbors brought baskets filled to overflowing with everything tempting for a big supper.

Charades and games contributed to a jolly good time.

Mrs. Miller appreciated the surprise very fully and with Mr. Miller, extended the hospitality of the home. Mrs. R. E. Thomas, of Frankfort was among the guests.

# 175 MEN ATTEND FIRST LUNCHEON AT MEMORIAL HALL

The first of a series of noonday luncheons for men, held at Memorial Hall and addressed by Dr. Bromley, was held Tuesday noon and attended by fully 175 men, while a large number of persons could not be accommodated and were turned away.

The luncheons will be held beginning promptly at 12:05 each day of this week with the exception of Saturday, and are in charge of the Women's Committee, headed by Mrs. W. E. Ireland.

The luncheon Tuesday was exceptionally good and splendidly served by a large number of women of the various churches.

Following the luncheon Dr. Bromley took up his lecture on the "Existence of God," and advanced three ideas bearing on the existence of God: First, that in the beginning mind and matter came from nothingness, or; Second, matter existed and from it came mind in some improbable and inexplicable manner, or; Third, mind was first and from mind came matter.

Dr. Bromley held that the first was impossible, the second, highly improbable and virtually impossible, and that the third was the only logical conclusion, as matter has always been found arranged in order and in accordance with a definite plan.

In concluding that portion of his lecture which the limited time permitted him to give, Dr. Bromley said that there was absolutely no question but what the Master Mind must have been and is back of all matter.

Harve Kelley and Harry Ferguson entered pleas of guilty and their fines will be assessed in the near future.

Blaine Harly denied that he had a part in the proceedings, waived examination and was bound over, furnishing the \$100 asked by the court.

# MISS DORA L. CAIN MAKES GOOD HERE

The latest addition to the Bromley Evangelistic Party, Miss Dora L. Cain is making eminently good in her work here, and has won a host of women by her gift of expounding the Gospel, and her winning personality.

Mr. and Mrs. Charles Grimes, of New Holland, were visitors in this city today. Mrs. Julia Hyer, of Johnson's, accompanied them.

Mrs. R. E. Thomas, of Frankfort, who has been the guest of Mr. and Mrs. Frank C. Miller, is spending today with her sister, Mrs. Ed. Boswell.

Miss Jeanette Weaver came down from Columbus, where she is attending the O. S. U., to spend the semester vacation with her parents, Mr. and Mrs. Edwin Weaver.

Mr. and Mrs. Chas. F. Johnson, of Columbus, are announcing the birth of a son, Robert Groff, on January 25. Mr. Johnson is a former well known school teacher of the county and Mrs. Johnson is the daughter of Mr. and Mrs. Harvey Groff, of Bloomington.

Relatives arriving Tuesday evening to attend the funeral of Mrs. James Ducey, are: Mr. Wm. Findley and family, Mr. and Mrs. Frank Sullivan of London, Mr. and Mrs. Sam Wright of Dayton, Mrs. Mary Thomas of Delaware, Mrs. McNeilas of Cincinnati.

Mrs. Elizabeth Caylor has recovered from her illness of the past two weeks at the home of her brother Mr. Eph Worthington and left Tuesday for a visit with her nephew Mr. Eph Haines and family at Buena Vista.

Mr. and Mrs. Chas. Stafford had as their guests for dinner on Tuesday, Mr. Stafford's mother, Mrs. Mary Stafford of near Staunton, Mrs. Austin Tway of near Staunton and Mr. and Mrs. Earl M. Johnson of Rock Mills. Mrs. Stafford will remain at her son's home for a visit.

Mr. and Mrs. Kelley Rodgers (nee Della Harvout) were called from Albion, Mich., by the death of Mr. Rodgers' grandfather, Mr. Kelley Dixon. They will remain for a few weeks visit with Mr. Rodgers' mother, Mrs. H. D. Hoppess, and Mrs. Rodgers' mother, Mrs. Myra Harvout.

Miss May Millikan was called to Cincinnati Tuesday morning by the death of her father, Mr. F. J. Parmeter, a relative of herself and her brother Mr. W. W. Millikan. The funeral services will be held in Cincinnati and the body taken to Elkhart, Indiana, for burial.

# HOG RAISERS!

I have succeeded Dr. Morris as representative of the Interstate Vaccine Company, in Fayette county, and can give all orders prompt attention. Mrs. Elizabeth Caylor has recovered. ESTUS' BERNARD, Arlington Hotel.

TYPEWRITER RIBBONS The clean cut writing of distinctive appearance and the long wear obtained from our Typewriter Ribbons give the user extra Ribbon satisfaction. H. R. RODECKER

# CITIZENS URGE CLEANING OF STREETS

The above scene vividly recalls the last cleaning some of the up-town streets received—when the Y. M. C. and High School combined and gave the up-town streets the first thorough cleaning they had received in months. And some of the same streets have not been cleaned since that time, so that the accumulated filth has become very obnoxious to the public in general and many citizens are protesting against the unsanitary condition of the streets.

# MEN APPEAR TO ANSWER CHARGES

A number of those charged with "ambing" appeared before Mayor Oster, Tuesday morning, and those who stood trial will appear Thursday morning at nine o'clock for their hearing.

Harve Kelley and Harry Ferguson entered pleas of guilty and their fines will be assessed in the near future.

Blaine Harly denied that he had a part in the proceedings, waived examination and was bound over, furnishing the \$100 asked by the court.

# TAX COLLECTION A RECORD BREAKER

Announcement is made by County Treasurer Duff that the tax collection completed Tuesday is a record breaker in two ways—in amount and in the few delinquents.

The books closed Tuesday afternoon and of the entire number only a few persons must pay the penalty for not paying their taxes as they should.

# FOR SALE

One family mare, one spring wagon, 2 buggies, one set of good buggy harness, some work harness, 2 double shovel plows, 1 barrel vinegar, many small tools, one stove and household goods being the property of the late John Hartman. Come on Saturday, February 3rd, before noon and buy these chattels. J. M. HARTMAN Administrator.

# MIDDLE AGED MEN EXCEL.

Result Shown In Endurance Test by United States Marines.

Santo Domingo.—In a test of endurance conducted by Lieutenant Kingsdon of the United States marines in Haiti to determine the staying powers of his men 118 men ranging in age from nineteen to fifty-two and carrying the regulation field equipment were given the test of ascending a steep mountain path, approximately eight miles, with in a two hour limit.

Eighty-four men accomplished the feat in the prescribed time, and of those 20 per cent were veterans of forty-four years and over. The average age of those who succeeded was twenty-nine years, while the percentage of tender foot recruits among the losers reduced their average to twenty-four years.

This experiment strengthens the theory of many that trained middle age rivals unseasoned youth.

# DECLARES HIMSELF ALIVE.

Probate Court Had Said That Arthur George Was Dead.

Seattle.—Arthur George, a painter living at Tacoma, appeared at the county clerk's office recently and filed a solemn declaration that he was not dead. He objected to the probate court's action in declaring him dead and turning over \$750 worth of Seattle real estate to Mrs. George, now dead, after he failed to claim his property of his wife after seven years' absence.

"I solemnly declare that I never was dead and am not now," he swears in this statement filed with the county clerk. He was instructed to confer with the Swedish consul, who aided the heirs of Mrs. George to obtain the property.

George said he lived under his own name at Edmonton, Alberta, Canada, all the time he was supposed to have been dead until he moved to Tacoma about a year ago.

## WOULD HAVE STATE MINE ITS OWN COAL

Bills Introduced or About to Be Cast Into Hopper of the Ohio Legislature.

By Associated Press Dispatch.

Columbus, O., January 30.—The state of Ohio may mine its own coal from its own lands to supply fuel for state institutions, if a bill drafted by State Auditor A. V. Donahey and introduced in the legislature by Representative Garver of Holmes county, becomes a law.

According to Auditor Donahey, the state has under its control some 4,000 acres of school and mineral lands underlaid with rich coal and it is provided in the bill for the administration of these lands that any time the state board of administration desires it may lease the land with the privilege of mining the coal for the use of state institutions.

State institutions, including the penitentiary and various hospitals and schools, last year used 122,950 tons of coal. The state experienced great difficulty in getting coal. Some of the institutions were compelled to burn wood part of the time. The bill provides that the coal shall be furnished the state institutions at the actual cost of mining and transporting.

The state auditor is made the supervisor of all school and ministerial land held in trust by the state, township officers in which the lands are located being made part of the machinery for the enforcement of the code relating to the administration of the land.

There is a report out that C. A. Radcliffe, of Lancaster, former secretary

## Farm Loans

Desired — By The Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

1. We have the money.
2. And desire to loan it on first mortgage on farms.
3. The safest securities to be obtained.
4. We give the best terms.
5. Hence we invited correspondence as to our terms and methods.
6. Our assets \$12,600,000.00
7. Five per cent paid on time deposits.

tary of the state public utilities commission, will be appointed to succeed Freeman T. Eagleton as special counsel for that commission. The appointment is one that is made by Attorney General McGhee.

Representative Hoy of Jackson expects traveling men generally to support his bill introduced in the House requiring railroad companies to keep their station blackboards posted up to date on condition of trains reported late. The measure would compel railroads to post bulletins on trains every 30 minutes when trains are more than 15 minutes late. Hoy says many station agents mark up a train 30 minutes late when it is more than one hour late. Traveling men, he says, are compelled to lose many hours of valuable time because trains are not marked up properly.

A delegation of Cleveland men favoring adoption of eastern standard time for the entire state will appear before the House cities committee tomorrow evening in support of Representative Lustig's bill.

Bills providing for the relief of cities, up for hearing before the Senate committee today, have little chance of passing the house when they reach that body, according to leaders of the House. The House is made up largely of farmers and both Democrats and Republicans among them are strenuously opposed to any change of the Smith one per cent tax law. Indications are that an entire new bill will be presented, preserving the Smith law in every particular.

E. M. Fullington, former Republican state auditor and member of the state tax commission is to appear before the special joint legislative committee on taxation tonight (Tuesday) to give the committee his views on a bill intended to substitute the Parrett-Whittemore tax law held unconstitutional recently by the state supreme court.

State Auditor A. V. Donahey says he is in favor of a constitutional amendment in Ohio which would abolish the present legislative system and substitute for the upper and lower houses of the general assembly one legislative body made up of representatives from each of the 22 congressional districts with the salaries made high enough to attract big men to the jobs.

The present general assembly is composed of 128 representatives in the house and 36 in the senate. A legislative body of 22 high grade men, according to Donahey would mean shorter sessions and the elimination of many useless jobs.

Judge Henry Neil of Chicago, who as a member of the Illinois legislature took the lead in the enactment of a mothers' pension law in that state and who helped in the campaign for a mothers' pension law in Ohio, is in Columbus gathering data to be used in support of an amendment to the Ohio law which would permit more dependent children to be cared for in mothers' homes and fewer sent to public institutions. Neil called on Governor Cox yesterday. Under the present law in Ohio, Neil says, the state is paying only \$37.16 each year for each child kept in the mother's home, while the per capita cost in institutions is \$169.

Members of the Republican state

central committee meeting here today are expected to submit names for the Republican advisory committee of 35. Each member of the committee will name one man from his district and a committee of five, headed by Chairman D. Q. Morrow will name 13 members-at-large. This new committee will have charge of establishing permanent headquarters here and selecting a manager and publicity director.

The legislature is expected to have the 1917 state budget in its hands by the end of this week when it will be referred to the finance committees of the house and senate. Delay in transmitting the budget is said to be due to a re-classification of many of the items in order to retain a basis of comparison with former years.

For the first time since the Civil War not a single Civil War veteran is a member of the general assembly now in session. Veterans say this is striking evidence of the rapidity with which the Civil War veterans are passing.

## HUGE FUND MUST BE TURNED OVER TO THE GOVERNMENT

(Associated Press Cable.)

London, January 30.—In reckoning excess profits which the shipping companies will have to hand over to the government, the shipping paper Fair Play takes the amount set aside by thirty companies—namely 25 pounds 4 shillings per ton gross—and gives a total of sixty-four millions sterling as the contribution from twenty million tons of steam shipping owned in this country.

"This would indicate," says the paper, "that the total profits of shipping companies exceeded the datum line by about ninety-one and a half million sterling, equal to a dividend of nearly fifty per cent on the pre-war value of two hundred million pounds."

"But shipowners retain only about seventeen and a half million of this profit out of which they have to set aside sufficient to cover the extra cost of building and repairs which is now at a hugely inflated level."

## HERE'S A NEW ONE EVEN FOR MEXICO

(Associated Press Cable.)

Mexico City, January 29.—Theatrical managers and moving picture proprietors were on strike in Mexico City, and their places of entertainment closed, throughout a large part of the recent holiday season.

The proprietors declared they were unable to pay the tax of 15 per cent of their receipts which was provided by a recent government decree. A delegation to General Carranza was told that if the theatrical men would reopen, he would consider their protest, and this was agreed to, pending his decision.

If you wish beautiful, clear, white clothes, use Red Cross Ball Blue. All grocers.

\$4,000 to Loan, sums of \$500 or more. Reasonable rates. RANKIN & RANKIN.

## FRANCE CAN SAVE BILLIONS OF FRANCS BY PROHIBITION

(Associated Press Cable.)

Paris, January 30.—Since the government announced its decision to suppress traffic in alcohol for the remainder of the war, a number of statisticians have come forward with figures showing that the French people may save 3,000,000,000 francs annually to help pay the interest on the war debt if the losses now incurred from indulgence in alcoholic beverages are completely eliminated. The figures take into account not only the actual cost to the consumer of alcoholic drinks, but the cost of crime due to alcoholism, the distribution of charities to victims of alcohol, and the loss of salaries through alcoholic illness or idleness.

French people drink altogether per annum and per capita 40 gallons of beer, 25 gallons of wine, 5 gallons of cider, 1 gallon of alcohol pure or 2 gallons computed in alcoholic drinks, 3 quarts of bitters similar to absinth, and 1 quart of liqueurs.

The proposed prohibition of the sale of alcoholic beverages will apply to all those testing more than 15 degrees or 15 per cent alcohol. It will not apply to what are called in France "hygienic beverages," such as wine, beer, cider. It will exclude all brandies, vermouths, and distilled liquors as they are now sold.

A great many of the distilled liquors testing more than 15 per cent alcohol, it is anticipated, will be reduced so that their sale may be continued.

The prohibition will apply to all whiskies as well as rum and gin. Whiskey drinking has grown immensely in France during the twenty years preceding the war. American as well as Canadian, Scotch and Irish brands, have grown scarce since restrictions were placed on the transportation of unnecessary commodities and prices have nearly doubled since the total prohibition of all importation of alcohol in any form excepting for the requirements of the munition factories.

## ADVANCE ON FOOD PRICES IN ENGLAND EIGHTY PER CENT

(Associated Press Cable.)

London, January 29.—The level of retail food prices has advanced 83 per cent since the war began on twenty leading articles of daily use, according to the Board of Trade returns just issued. As compared with prices in December, 1915, they showed an average advance of 29 per cent. The price of meat increased during the year about 29 to 25 per cent. Potatoes were considerably more than double the price of a year earlier. Granulated sugar, eggs and cheese were dearer by 46 per cent, 25 per cent, and 39 per cent, respectively.

For flour, bread, milk, butter, bacon and fish, increases ranging from 19 to 27 per cent were recorded. The price of margarine advanced during the year by 14 per cent. Tea alone, among the articles included in the returns, remained practically unchanged in price.

## HIGHER FEES

(Associated Press Cable.)

London, January 30.—The stock Exchange has announced that candidates for membership for the year beginning next March will be charged higher entrance fees and subscriptions. Those with three sureties must pay 600 guineas instead of 500 and those with two sureties 300 guineas against 250 previously. The annual subscription is raised to fifty guineas but members already elected will still pay the old rate of twenty, thirty or forty guineas per annum, according to the year when they became members.

## U. S. COMMERCIAL BRANCH IN LONDON

(Associated Press Cable.)

London, January 30.—An American Chamber of Commerce was successfully organized in London last month. The Chamber will be affiliated with the Chamber of Commerce of the United States and foreign firms will be admitted as associates.

Prominent American bankers and business men have been trying to arrange this for some time past but till now have not been able to get the right men to take up the matter.

## GROW NEW DIGITS OVER IN GERMANY

(Associated Press Cable.)

Berlin, January 30.—German medical papers report a striking innovation in surgery that has been tried by Dr. Neuhäuser in one of the army hospitals—a new method for growing new fingers to replace amputated digits.

The earlier method was to graft a toe upon the amputated finger or thumb, but Dr. Neuhäuser has successfully used a piece of rib as material for fingers and thumbs, getting at the same time a covering for the new members in a flap of skin taken from the breast just outside the ribs.

## THE DEFENSE MEASURE OF ADMINISTRATION "THROUGH" WITH RUSH

(By American Press.)

Washington, Jan. 30.—The administration's \$600,000,000 defense budget began to take final shape in congress when the house passed the fortifications bill, carrying a total of more than \$51,000,000 for coast defenses, and the house naval committee completed its 1918 naval appropriation bill with a total of more than \$351,000,000.

The army appropriation bill, the third element of the program, still is in the house military committee, which is expected to complete it next week. Estimates for the army reach a total of more than \$350,000,000, exclusive of numerous deficiency measures resulting from the border mobilization and the rising cost of war materials.

The only other military legislation pending is the universal military training bill, before a senate subcommittee, which will conclude its hearings this week.

## DOWNY ALL THE WAY

(By American Press.)

Columbus, Jan. 30.—Bryan Downey of Columbus beat Johnny Tillman of Minneapolis most every inch of the road in their twelve-round bout before the Queensbury club at the coliseum here.

## HOW THE RAILROADS GOT NICKNAMES

The name "Sheepskin," given to the C. and M. V. division of the Pennsylvania had its origin in a disastrous wreck. A freight was wrecked near Sabina by running into a flock of sheep killing over a hundred head, and the name "Sheepskin" has stuck to it for over forty years. The name, "Panhandle," given to the Pennsylvania railroad company, arose from the fact that it was the first road to cross a section of West Virginia, between the state of Pennsylvania and Ohio, which is known locally as the Pan Handle section of West Virginia.

Often railroads take names from their initials. The "Big Four" takes its name from the name of the road: Cleveland, Cincinnati, Chicago and Indianapolis, which is named for four cities through which it passes.

The Cincinnati, Portsmouth and Virginia railroad, recently acquired by the Norfolk and Western, was for years known as the "Coat, Pants and Vest Route." The Elizabeth, Lexington and Big Sandy, which ran through a sparsely settled portion of old Kentucky, was given the name of "Eat Little and Be Satisfied Route," for passengers did not fare so well in that country for food.

The Baltimore and Ohio is dubbed the "Best and Only" all over its right of way, the Indiana, Bloomington and Western is known as the "Id Better Walk," road.

## O. K. WILSON ADDRESS

(By American Press.)

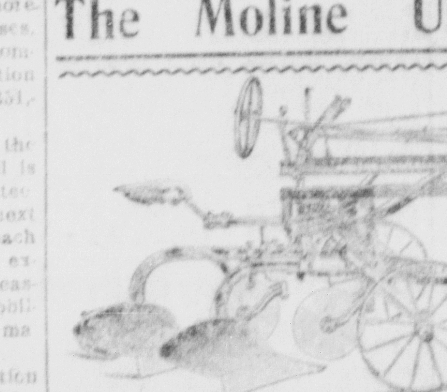

Washington, Jan. 30.—President Wilson's League to Enforce Peace endorsed President Wilson's league for peace address before the senate last week. Judge William H. Wadsworth of New York, a member of the executive committee, also conferred with the president concerning possible further steps toward the proposed world league.

## BRITISH LOSS HEAVY

(By American Press.)

Constantinople (via Sayville wires), Jan. 30.—Heavy losses have been inflicted upon the British in the present fighting on the Tigris river in Mesopotamia. The Turkish war of fire, in a report dated January 27, announced that 2,000 corpses were found before one section of the Turkish front south of the river. All assaults were repulsed.

## The Moline Universal Tractor

We now have on display both in this city and in Jeffersonville one of the above Tractors. If you are in need of more power on your farm, don't fail to investigate this tractor at once, as sales are far in advance of factory production and we have only a limited number to offer for spring delivery.

## PUBLIC SALE

In order to close partnership, we, the undersigned, will sell at public auction at the Ed. Klever farm, 1/2 mile from Yatesville, on the Bloomingburg and Sedalia pike, five miles north of Bloomingburg, four miles south of Sedalia, on

**WEDNESDAY, FEBRUARY 7, 1917**  
commencing at ten a. m. sharp, the following property:

**6—HEAD OF HORSES—6**  
Bay horse, four yrs. old, weight 1700; gray mare, three years old, weight 1700; brown horse, nine yrs. old, family driving horse; sorrel horse, general purpose; pair of mules, weight 1200.

**31—HEAD OF CATTLE—31**  
Thirty native bred, coming two year old steers, dehorned, will average 1100 lbs., or more, good ones, ready to finish out on grass and bring 12c a lb next June; 1 Jersey cow, four yrs. old, fresh in March, good milker.

**85—HOGS—85**  
Eighty-five head of pure bred big type Poland China; 26 big type Poland China sows, bred to farrow in March and April; these are an extra fine lot of brood sows; 1 big type Poland China boar, a good one; 58 shoats, will weigh 80 lbs. nice ones.

**92—HEAD OF SHEEP—92**  
Sixty Shropshire ewes, bred to lamb in March; 30 ewe lambs, 2 bucks.

**GRAIN AND HAY.**  
Fifteen hundred bu. good corn in crib, 350 shocks of corn, 200 bu. of oats; fodder and hay, part timothy and part clover; a lot of baled timothy hay; lot of baled straw.

**FARM IMPLEMENTS.**  
Ten hog boxes as good as new; 1 manure spreader, 1 corn sheller, 1 corn slicer, 1 Chatham fanning mill, hog fountains and troughs, 4 breaking plows, 1 Oliver breaking plow, new; 2 cultivators, 1 Disc harrow; 2 spring tooth harrows, 5 sets work harness, one set of tug harness; lot of collars and check lines 1 steel tire buggy, other articles too numerous to mention.

Terms made known on day of sale.  
**ED. KLEVER and JOHN DOYLE.**  
**COL. ROBT. MINSHALL, COL. M. W. ECKLE, Auctioneers.**  
**W. F. JEFFERSON, Clerk.**  
Lunch served by David Whiteside.

## PUBLIC SALE

Having given up two rented farms, I will sell the following property on the Wertz Shobe farm, at Madison Mills, on

**THURSDAY, FEBRUARY 8, 1917**  
Commencing at 10:00 a. m.:

**15—HEAD OF HORSES—15**  
1. Brown horse, 3 years old, weight 1400, broke to work.

2. Black mare, 6 yrs. old, sired by Mokover, wt. 1200, worker and driver.

3. Bay mare, 6 yrs. old, wt. 1100, family mare, anyone can drive her.

4. Bay mare, wt. 1300, in foal to a son of Ormonde, good work mare.

5. Sorrel gelding, 3 years old, sired by Exile, dam by Garland, a good prospect for a trotter.

6. Gray draft filly, 2 yrs. old.

7. Gray draft gelding, yearling.

8. Bay horse, 6 yrs. old, extra good road horse.

9. Brown yearling filly, sired by Wm. Lucas, dam Box Elder.

10. Bay horse, 6 years old, wt. 1600, good worker.

11. Bay mare, 11 years old, worker and driver.

12. Bay yearling gelding.

13. Bay filly weanling colt, sired by Wm. Lucas.

14. Brown mare, sired by Bobby Burns, is broke to work and drive.

15. Sorrel stallion, 10 years old, weight 1800, good work horse and a good and sure breeder; breeding will be given on day of sale.

16. Brown colt coming 2 years old, sired by Binjolia, dam by Mokover.

**7—HEAD OF CATTLE—7**  
Red cow, 3 years old, fresh and an extra good milk cow; red cow, 2 years old, good milker, fresh in June; Hereford cow, 3 years old, fresh in March; Shorthorn heifer, 2 years old, fresh in March; brown cow, 6 years old, fresh in May; Jersey heifer, fresh in May; Shorthorn bull calf.

**40—HEAD OF HOGS—40**  
Twelve McGhee gilts, bred to farrow from 1st to 15th of March, extra large; three McGhee sows, due to farrow in March, bred to a good McGhee hog; twenty-five shoats, six half-bred Duroc and McGhee, balance McGhee; a few boar pigs, McGhee breeding.

**FARMING IMPLEMENTS.**  
One good carriage and harness, one corn planter, Janesville; one gasoline engine and other farm implements and tools too numerous to mention.

The terms will be made known on the day of sale.

**W. H. LITTLE.**  
**COL. M. W. ECKLE and COL. E. J. KING, Auctioneers.**

**FRANK DORN, Clerk.**  
Lunch by ladies of Madison Mills M. E. church.

## LITERACY TEST HELD UNFAIR

## President Wilson Vetoes the Immigration Bill.

## GOES BACK TO THE HOUSE

Provision Which Might Lead to Delicate and Hazardous Diplomatic Situations Pointed Out by the President, Who Addresses a Communication to the House—Plans Made by Advocates to Override the Veto.

Washington, Jan. 30.—President Wilson vetoed the immigration bill, recently passed by congress, because of its literacy test provision. The bill passed the house last March by a vote of 308 to 87 and the senate in December by 64 to 7.

It was the second time that President Wilson had vetoed an immigration bill because of the literacy test, and for the same reason similar measures were vetoed by Presidents Taft and Cleveland. The president's veto messages to the house, in which the bill originated, follows:

"I regret very much to return this bill without my signature. In most of the provisions of the bill I should be very glad to concur, but I cannot rid myself of the conviction that the literacy test constitutes a radical change in the policy of the nation which is not justified in principle. It is not a test of character, of quality or of personal fitness, but would operate in most cases as a penalty for lack of opportunity in the country from which the alien seeking admission came.

"The opportunity to gain an education is in many cases one of the chief opportunities sought by the immigrant in coming to the United States and our experience in the past has not been that the illiterate immigrant is as such an undesirable immigrant. Tests of quality and purpose cannot be objected to on principle, but tests of opportunity surely may be.

"Moreover, even if this test might be equitably insisted on, one of the exceptions proposed to its application involves a provision which might lead to delicate and hazardous diplomatic situations. The bill exempts from the operation of the literacy test 'all aliens who shall prove to the satisfaction of the proper immigration officer or to the secretary of labor that they are seeking admission to the United States to avoid religious persecution in the country of their last permanent residence, whether such persecution be evidenced by overt acts or by laws or by governmental regulations that discriminate against the alien or the race to which he belongs because of his religious faith.' Such a provision as applied and administered would oblige the officer concerned in effect to pass judgment upon the laws and practices of a foreign government and declare that they did not constitute religious persecution.

"This would, to say the least be a most invidious function for any administrative officer of this government to perform, and it is not only possible, but probable, that very serious questions of international justice and equity would arise between this government and the government or governments thus officially condemned, should its exercise be adopted. I dare say that these consequences were not in the minds of the proponents of this provision, but the provision separately and in itself renders it unwise for me to give my assent to this legislation in its present form.

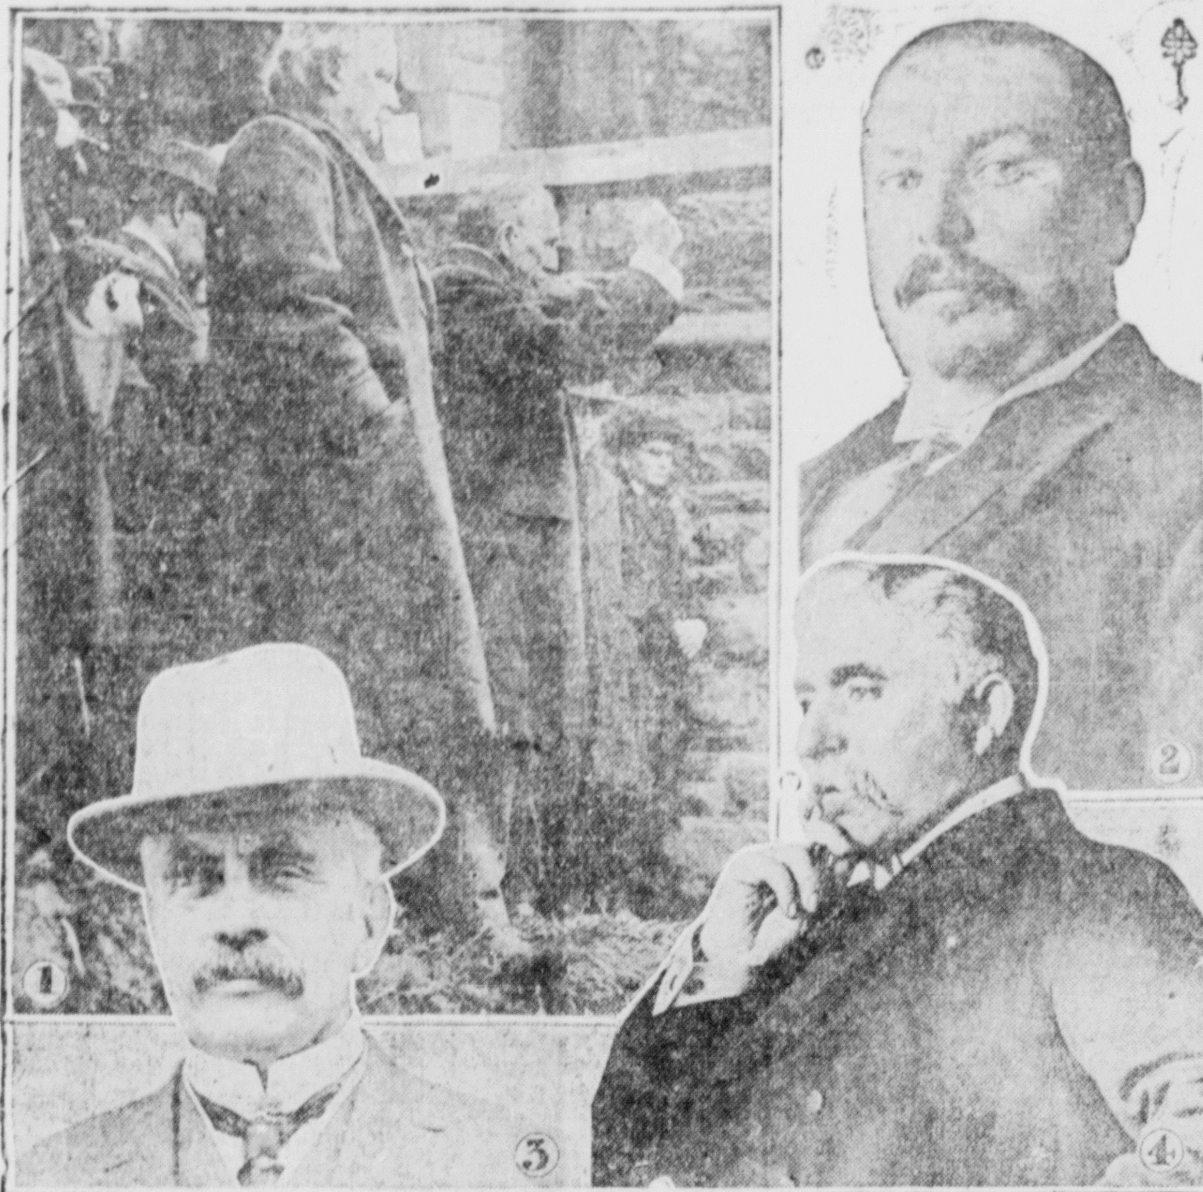

"When the message was read in the house it was ordered to lie on the table until Thursday morning, and champions of the bill began laying their plans for an effort to override the veto. Chairman Burnett announced that he would move for a vote Thursday. Two years ago the house lacked only four votes of the necessary two-thirds majority to pass the bill over the veto.

## THOUSAND DELEGATES ATTEND THE MEETING

(By American Press)  
Pittsburgh, Jan. 30.—One thousand delegates, representing foreign mission organizations from every part of the country and from far away India, Egypt and the Sudan, are gathered here today in a great missionary convention. The meeting is under the direction of the board of foreign missions of the United States and will continue three days.

The purpose of the convention is to readjust methods of foreign mission work so that they may meet new conditions established through the great world war.

## MEETING OF BRITISH PREMIERS WILL MARK NEW ERA IN HISTORY OF THE EMPIRE

The British government cabled to all the British dominions urging that the proposed imperial war cabinet meeting be held at the earliest possible date and asking the dominion governments how soon it will be possible for them to send representatives.

It is hoped that this gathering will assemble in London at the end of February or early in March.

Speaking of the coming meeting Premier Lloyd George said:

"I do not wish to interfere in any way with the affairs of a great self governing dominion, but we took this step urgently inviting the dominion premier to lead in the war council despite the fact that it might cause much inconvenience locally because we desired their advice and assistance in coming to decisions about the conduct of the war and the negotiations of peace.

No. 1 in the pictures, Lloyd George and Premier William M. Hughes (right) of the commonwealth of Australia addressing meeting in London; No. 2, Premier Louis Botha of the Union of South Africa; No. 3, Premier Robert L. Borden of the Dominion of Canada; No. 4, Sir Edward P. Morris, premier of Newfoundland.

## REVOLT IS BLOODLESS

## Gonzalez Deposed as President of Costa Rica.

## TINOCO ASSUMES CHARGE

Ousted Official, Now a Refugee in the American Legation at San Jose, Appeals to the United States for Intervention—Warship to Go to Costa Rican Waters If Disorders Follow Cause of the Uprising.

Washington, Jan. 30.—An appeal to the American government for intervention has been made by Alfredo Gonzalez, deposed president of Costa Rica. Gonzalez is a refugee now in the American legation at San Jose, where his former minister of war, Frederico Tinoco, has installed himself as provisional president after a revolution that was brought to a triumphal conclusion twelve hours after it was begun without bloodshed.

Word that the ex-president had submitted his appeal to the American minister was received here in a private message. Official and unofficial reports of the overthrow of the Gonzalez administration, while throwing virtually no light on the causes, afford little ground for the belief that the United States will interfere. The revolutionists killed no one, and according to reports received by representatives of interests in that country, the development was the culmination of a popular demand.

State department advisers said the capital and countryside were quiet and that business, official and otherwise, was proceeding with much the same routine as it had before the coup d'etat was made. If disorders follow and if there is reported any danger to foreigners, a warship will be sent to Costa Rican waters.

President Gonzalez and Manuel Castro Quesada, Costa Rican minister to Washington, who was home on leave of absence, were granted asylum in the American legation without question when they appeared for protection a short time after General Tinoco proclaimed to the populace that the president had been deposed and that he had made himself the provisional executive.

The delay of Minister Hale in reporting the incident to the state department was occasioned by refusal of the new authorities to permit him to use the cable for the transmission

of his dispatches until complete order had been established.

Great surprise was caused at the state department by the revolt. For almost forty years Costa Rica has been without a revolution and has been set forward as a model Latin American government.

## OPERATIONS HALTED BY SEVERE WEATHER

(By American Press)  
London, Jan. 30.—Snowstorms, for the moment, have brought the operations southwest of Riga, where apparently a great general engagement was in the making, almost to a halt. To the south, in Volhynia and across the line in Galicia, somewhat spirited isolated fights have taken place, but with only the capture of trench elements, respectively, by the Russians and Teutonic allies reported. In Rumania, only the most minor operations are being conducted.

On the front in France and Belgium, except on the sector of hill 304, near Verdun, artillery duels alone have taken place. Near hill 304 the artillery bombardments on both sides have been rather severe and ground fighting also has taken place. Several French attacks against the German defenses in this region broke down with heavy casualties, according to Berlin.

## MEXICAN QUAIL HIT BY SOME DISEASE

(By American Press)  
Columbus, Jan. 30.—The 7,000 Mexican quail brought to the London (O.) hatchery a few weeks ago, are dying at the rate of forty a day of an epidemic similar to dread chicken cholera and the efforts of experts, Dr. O. V. Bramley, director of clinics at Ohio State university, and Dr. Shoemaker of the same department to check the disease have proved fruitless. When the disease broke out about 600 of the quail were transferred to the women's building at the state fair grounds here and about the same number to John Gammeter's game farm at Akron. Reports state that the birds at these two places are dying at the same rate. Acting Chief Game Warden A. C. Baxter declared that every effort had been made to check the epidemic.

## BRIDEGROOM SUICIDES

(By American Press)  
Indianapolis, Jan. 30.—William M. Madden, Seymour, Ind., married two days, shot and killed himself in the washroom of the Union depot here. The young bride was selecting furniture for their new home when informed of her husband's act. She declared she knew no reason why he should kill himself.

## KILLED BY CAR

(By American Press)  
Columbus, Jan. 30.—Thomas Smith, 50, was struck and instantly killed by an Ohio Electric traction car here. At the same time his son, Frank P. Smith, lay dead at home.

## OHIO NEWS

**Editor Corn Ill.**  
Ironton, O., Jan. 30.—John B. Corns, editor of the Daily Register and candidate for congress in the Tenth congressional district at the last Republican primaries, is ill with pneumonia.

**Schoolhouse Destroyed.**  
Mt. Vernon, O., Jan. 30.—Fire destroyed the schoolhouse at Bladenburg, near here. The loss is estimated at \$6,500. A blaze also wiped out the store of George Fuller at Centerville.

**Burns Prove Fatal.**  
Toledo, Jan. 30.—Hazel Evans, aged 4, died in a hospital here. In her nightdress, a few days ago, she ran downstairs to get an orange. The nightdress was ignited by an open gas grate and her flesh was roasted from shoulders to hips.

**Four More Plead Guilty.**  
Cincinnati, Jan. 30.—Four of the ninety-nine men indicted by the federal grand jury in connection with the investigation of alleged frauds at the last presidential election, pleaded guilty to vote selling in the United States district court here and were ordered committed to the Dayton jail.

**Many Farmers Attend.**  
Columbus, Jan. 30.—Farmers' week at Ohio State university got under way with the opening of the five-day program of lectures, meetings and displays. The agricultural extension department predicts that the total attendance will be close to 4,000. The oldest man to register was J. J. Smith, 81, Groveport.

**Ohio Publishers Meet.**  
Columbus, Jan. 30.—George E. Homer, Denver, chairman of the executive committee of the National Editorial association, addresses the annual convention of the Associated Ohio Publishers in this city today. He attended the publishers' hearing before the federal trade commission in December. Governor Cox, President Thompson and other distinguished men are booked for addresses to the editors.

**Trapped by Fire; Four Dead.**  
Cleveland, Jan. 30.—Five persons were trapped in their beds by fire and burned to death in two Cleveland homes. John Dixadura and his two children, Anna and Michael, lost their lives in a blaze which swept their frame house on Fullerton avenue. The mother escaped. W. H. Brown and P. R. Fallon, both colored, died in the blazing room of a boarding house on Central avenue.

## STEAMER ON FIRE

(By American Press)  
Seattle, Jan. 30.—The passenger steamer Verona, which left here for Everett, was on fire when she passed Mukilteo light, four miles from Everett. Reports received here said that many of the passengers jumped overboard. Reports from Everett say that no lives were lost on the Verona.

## WILSON AT CAPITOL URGING MORE SPEED ON VITAL MEASURES

(By American Press)  
Washington, Jan. 30.—After a series of conferences at the capitol on practically all features of his legislative program, President Wilson told his advisers that he believed action could be obtained at this session on every important measure in which he is interested. With different members of the senate and house, he discussed means of preventing railroad strikes, vocational education, revenue, flood control, the general land leasing bill, the Porto Rico bill, a measure to allow American exporters to form common selling agencies abroad, increased pay for federal employees and the placing of postmasters under civil service.

The president told Senator Poinsett, author of an amendment to the legislative, judicial and executive appropriation bill, adopted by the senate, which would extend the civil service requirements to all postmasters, that he favored the change. At present only postmasters in small towns in the fourth class are selected by examination and the remainder are appointed by the president and confirmed by the senate.

Administration leaders now are working on a compromise strike prevention measure which the president probably will endorse. It provides for an investigating board made up of representatives of both sides as suggested by the railroad brotherhoods but adds a representative of the public.
